SELECTMEN'S REPORT.

TO THE INHABITANTS OF THE TOWN OF SANFORD:—

The selectmen present the following report, and with it their recommendations for the following year. The past year has been an unusually bad one for our highways. The severe storm on July 3d, washed them badly, and the long drought following brought to the surface a large lot of small stones, and in about every district extra money had to be granted. Whicher's, Beef, and Goodwin's bridges have been practically rebuilt. The upper bridge, on the depot road in District 13 is in bad condition, the upper abutment will have to be relaid and a new bridge built.

We would recommend that when rebuilt it be made some ten feet or more wider, and the same with the next bridge toward Sanford village. They are both so narrow, and the electric railroad running in such close proximity, a fatal accident might occur which otherwise, with a wider bridge, might be avoided.

We would suggest the advisability of putting in iron bridges in place of the present wooden ones in the two villages. The upper bridge on the depot road was rebuilt at considerable expense but a few years ago, and is now in a very tender condition. We contracted with the railroad to fill in at the said upper bridge, agreeing to pay \$150. It was a much needed improvement, and at any other time would have cost more than a thousand dollars.

INCIDENTALS.

Our report shows that we have exceeded the appropriation by \$809.40. Of this amount \$100 was caused by the Australian ballot system, building booths, etc., and paying for election clerks, ward clerk and warden. \$92.71 was cost of suit against the town of Alfred, which was a legacy left us by last year's Board. The case

was referred to Judge Hobbs, and decided against us. \$127.50 was for safe for town clerk's office and freight on same. The town voted to purchase a safe, but did not raise any money therefor. We considered it absolutely necessary that that office be so provided, and purchased it. \$126.19 was for labor and material, etc., ordered by the board of health in case of contagious diseases, and \$289.40 was for old bills not contracted this year, so that the Incidental account has been overrun about \$90.

POOR FARM.

We do not look upon the administration of the Poor Farm as a glittering success. We advertised for bids as usual but only had one bid, that from Mr. Fred Jacobs. We tried to get others but without success. With the management of affairs inside the house we have not a word fault. Mrs. Jacobs is neat, has tried hard to do well for both the poor and for the town, and if Mr. Jacobs had tried half as hard a different result would have been obtained. Although there have been an unusual large number on the farm, we feel that the bills have been altogether too large, especially for grain.

TOWN INDEBTEDNESS.

The town debt will be materially increased over last year, although from the bills that have come in since the report of last year the net debt at that time was over \$5000.

The severe storms of Feb. 20 and 22 will undoubtedly cost the town \$2500 or \$1500 more than was appropriated. The addition to the town debt will be caused by the following:

Breaking roads over and above appropriation,	\$1500 00
Building Roberts street,	1195 65
Breaking roads winter of 1891-92 over estimate of last year's board,	639 00
Australian Ballot System,	100 00
Sanford vs. Alfred, Willard case,	92 71
Board of Horace Willard reckoned as an asset last year,	155 75
Safe for town clerk,	127 50

REPORT OF OFFICERS OF SANFORD—1892. 5

Bills ordered by board of health and for sewers,	\$ 126 19
Bills contracted prior to 1892,	289 40
	<hr/> \$4226 20

Beside abatements and interest on town notes.

We would recommend that hereafter the superintending school committee chose one of their number to purchase school books. As is shown by the financial standing of the town, on two different times orders were drawn for the same bills, two of the members presenting the same bill.

SANFORD, ME., Feb. 23, 1893.

Respectfully submitted,

FRANK WILSON,
HORACE T. BENNETT,
CHAS. F. DERBY.

This is to certify that I have examined the accounts and orders of the town of Sanford as shown me by the selectmen, and find them correct as shown above.

S. A. WRIGHT, Auditor appointed by the selectmen.
Sanford, Me., Feb. 23, 1893.

REPORT OF S. S. COMMITTEE, FOR YEAR ENDING FEB. 24, 1893.

The Superintending School Committee respectfully present the following report.

DISTRICT NO. 1.—JOEL B. RICKER, Agent.

The schools in this district have been broken into this year on account of the building of a new schoolhouse, making the fall term begin very late and the school year shorter than usual. But by continual hard work, both by the teachers and pupils, the schools have been a success, and with the united co-operation of the school officers, parents and teachers this may be and will become the best school in the county.

SUMMER SCHOOLS.

PRIMARY. Mary T. Frost, teacher. This school during the summer term was crowded so far in excess of its capacity that the teacher was considerably hindered in her work, yet Miss Frost entered into her work with a vim and energy which was truly commendable, and made the school a success, although more might have been accomplished with fewer scholars.

The teacher possesses that rare tact and temperament which especially qualifies her for a school of this grade.

The scholars quickly perceive the quiet demeanor and pleasant smile of their teacher which leaves a lasting impression on their young minds, and love instead of fear governs the school. The attendance was regular and the order good.

In this department another school was added when the fall term began with Miss Susie E. Frost, teacher.

Miss Frost is a teacher of experience, and works faithfully for her

school. She is a favorite with her pupils, first winning their friendship and respect, thus enabling her to better instruct them both in the first principals of education and development of character which is the true foundation of success.

INTERMEDIATE. Ella F. Moody, teacher. Miss Moody was not a new and untried teacher, but commenced her work this year with several years' experience in the same school, which is a sufficient indication that her work has been appreciated. The teacher tried hard to elicit an enthusiasm in her scholars to better work, and met with her usual success.

GRAMMAR. Miss Kate Allen, teacher. Miss Allen is a teacher of large experience and came to this school very highly recommended as a teacher, and at our several visits we found the school quiet and orderly and the scholars evidently interested in their work.

Several complaints were made about the discipline but after careful investigation your committee failed to find things as represented. Particularly good progress was made and the final examination was unmistakable proof of the good work done.

The fall and winter terms have been under the care of Miss Alice E. Libby, a teacher of long experience and a person of excellent judgement and tact in school management, and although in some respects this is a hard school yet through the work and energy of its teacher the scholars have become interested in their work and are now doing well. The school has shown a marked improvement both in discipline and scholarship during the two terms Miss Libby has had charge of the grammar department.

HIGH SCHOOL. Prof. J. E. Bates, teacher. Mr. Bates is a natural teacher and in addition to his being thoroughly prepared, is heartily in earnest in his work. The order was good and the several examinations showed that the teacher was looking to the quality and not the quantity of work.

We think that the scholars should have been urged to do more work and equally as well. Circumstances arose during the term which interfered somewhat with the harmony existing at first, and doubtless injured the school in a certain degree.

Prof. E. E. Sawyer, a graduate of Bates College, was secured as principal of the fall term, Miss Josie Young, assistant. Mr. Sawyer was a teacher in every sense, but other school officers offering more for his services he resigned to accept the principalship of the Pepperell High school, Pepperell, Mass.

On a notice from Friday night until Monday morning your committee fortunately secured Prof. George H. Stoddard, a graduate of Colby University, who began the school without a break. Both Mr. Stoddard and Miss Young have worked hard for the best interests of the school. Both are experienced teachers and good instructors. The school has shown a marked improvement in thoroughness and in the preparation of their work. The great hindrance to this school, we believe, is a too often change of teachers.

DISTRICT NO. 2.—JOHN J. MERRILL, Agent.

Number of weeks, 30. Number of scholars, 897. For three years your committee, in company with the teachers and agent have worked hard to grade the schools in this district. As a result of our united efforts a graded school, which will compare favorably with any in the county, has been established. The credit for this is due to the efforts of the excellent corps of teachers under the charge of O. Howard Perkins as principal, for without their help we should have been unable to accomplish anything in the way of grading.

SECOND PRIMARY DEPARTMENT. The boys of this department were taught by Miss Ina Merrill and the girls by Miss Mabel Moody. They both worked hard as the examination showed. Ten boys and Thirty girls will be advanced to the next higher grade.

FIRST PRIMARY DEPARTMENT. This school was taught by Mrs. Richardson with her usual good success. As a result the scholars passed a very satisfactory examination. Twenty will be advanced to the next higher grade.

SECOND INTERMEDIATE DEPARTMENT. Miss Cora Libby had charge of this room. Miss Libby is a teacher with much energy, and the deportment of this room was excellent. The scholars passed a good examination. Seventeen will advance to the next higher grade.

FIRST INTERMEDIATE DEPARTMENT. Taught by Miss Augusta Mendum. Her efforts resulted in sixteen being able to advance to the next higher grade. She is a good teacher.

SECOND GRAMMAR DEPARTMENT. Under the charge of Miss Jennie Hamilton this school has made good progress. She has done good work. Sixteen will be advanced to the next higher grade.

FIRST GRAMMAR DEPARTMENT. This school had Miss Nellie O. Littlefield for its teacher. This has been a very hard school to govern in years past, but some of the worst boys have left the school and this, taken with the good work done by the teacher, has resulted in general improvement in the school. Ten will be advanced to the High school.

HIGH SCHOOL. The Superintending School Committee were fortunate in being able to again secure the services of Mr. O. Howard Perkins who has worked so faithfully in the interests of our schools the last three years. As a result of this work a class of three were enabled to graduate. This is the first graduation which has ever taken place in District No. 2.

DISTRICT NO. 3, (South Sanford), JAMES C. JOHNSON, Agent.

Number of scholars, 48. Number of weeks' school, 28. Miss Mildred J. Hill of Buxton Center had charge of this school during the year. Miss Hill is a faithful teacher. The examination at the close of the winter term showed that thorough work had been done by those pupils that had attended regularly during the year.

DISTRICT NO. 4.—LENA W. HARMON, Teacher.

Miss Harmon is a teacher of limited experience yet her work is good. Some suggestions were offered at our first visit, regarding minor matters which materially improved the general appearance of the school. The teacher possesses an easy, quiet manner which renders her an especial favorite with the scholars. In the fall and winter terms Miss Harmon did excellent work and will make a good teacher.

DISTRICT NO. 5.—*Jos. RIDLEY, Agent.*

Number weeks of school, 28. Number of scholars, 27. This school was taught for the year by Miss Lillian A. Ridley. On account of sickness many of the scholars were unable to attend, but those who did come made good progress. Your committee was pleased with the appearance of the school.

DISTRICT NO. 6.—*(Day), CLINTON DAY, Agent.*

Number of scholars, 20. No. of weeks, 27. The spring term was taught by Miss Mabel E. Lander of Alfred. A better selection could not have been made. The deportment was good, and at the close of the term the pupils showed by their attention and ready answers to all questions the faithful work of a persevering teacher.

Miss Mary L. Trafton of Alfred took charge of the fall and winter terms. Although this was her first attempt as teacher she proved herself competent, and, with the same attentiveness of the pupils as in the former term, the result of Miss Trafton's work was most satisfactory.

DISTRICT NO. 7.—*(Perkins), OTIS R. WICHER, Agent.*

Number of scholars, 8. No. of weeks school, 22. This school of two terms was taught by Miss Gertrude W. Hill of Kennebunkport, who had charge of this school the previous year. The deportment was good, and fair progress was made. Two scholars from this district entered the High school at Sanford village, at the beginning of the winter term.

DISTRICT NO. 8.—*(Lion Hill), CHARLES HUSSEY, Agent.*

Number of scholars, 18. No. of weeks school, 27. Miss Cora B. Dillingham of Springvale was employed to take charge of this school during the year. This was Miss Dillingham's first attempt as teacher. Good deportment was observed throughout the year, and fair progress was made.

DISTRICT NO. 9.—*ETHEL MURRAY, Teacher.*

This was Miss Murray's first attempt as a teacher and the school was a success. Order was good and marked improvement was made. With the confidence and self-possession which experience will give, Miss Murray will make one of our first-class teachers. This school

was comparatively small, but there are several well advanced scholars who take a deep interest in their studies and exert a particularly good influence over the younger scholars.

The fall and winter term was under the charge of Miss Carrie Goodwin, and although a new teacher, did excellent work. The discipline in this school was good and the results show that her methods of teaching are of the best. The scholars gave an excellent exhibition at the close of the term.

DISTRICT NO. 10.—INEZ E. RIDLEY, Teacher, Summer and Fall Term.

Miss Ridley is an under-graduate of Gorham Normal school, and in addition to her normal training has had considerable experience as a teacher. She is very orderly and methodical in the school discipline and introduced into the school normal methods, which added materially to its efficacy. The attendance was good and the interest in the school was manifest throughout the term.

WINTER TERM, JOHN B. SHAW, Teacher.

Mr. Shaw is a graduate of the Springvale High school, and although this was his first school, he did the work of an experienced teacher. The grade of this school is good; there are scholars attending this school which will compare favorably with any in town.

DISTRICT NO. 11.—ALBERT JOHNSON, Agent.

Number weeks school, 25. No. of scholars, 13. The spring term was taught by Miss Inis Goodwin of the class of '91 from Springvale High school. She kept an excellent school.

The rest of the year they employed Miss Etta L. Tibbetts who is a young and promising teacher. The scholars who were able to attend made good headway, but owing to sickness the school had to be closed early.

DISTRICT NO. 13,—(Oak Hill), JAMES PERKINS, Agent.

Number of scholars, 15. No. of weeks school, 23. The spring term of ten weeks was taught by Mrs. Emma Gray of Wells. Mrs. Gray is an experienced teacher, the deportment was good, and had she been able to have won the confidence and good will of pupils and parents, we think there would have been less trouble and an excellent school might have resulted.

The fall term was taught by Mr. George E. Davis of that district. As this was his first school and owing to the trouble in the spring term, the standard to which he brought the school reflects great credit upon the good work done by Mr. Davis as an inexperienced teacher.

DISTRICT NO. 16.—W. H. HILL, Agent.

Number weeks school, 26. No. scholars, 19. This school was fortunate in securing the services of Mrs. Minnie C. Tuttle. She is a most excellent teacher, and her work was highly pleasing to the committee. The scholars passed a very thorough examination and did well.

Dr. Maybury had charge of the summer schools and Mr. Goodwin of the fall and winter terms in the northern division.

DISTRICT NO. 17.—EDITH E. BEDELL, Teacher.

Although this was Miss Bedell's first school, nevertheless her success was that of an experienced teacher. The teacher is an exceptionally good scholar, and is naturally adapted for her chosen work. Marked improvement was made and good order maintained throughout the year.

IN CONCLUSION:—That the prince must be educated for his throne goes without saying. But we are apt to forget that every lad is heir-apparent to imperial power if he lives in a Republic like ours. So long as the king in a monarchical form of government is educated it does not affect them so much if the masses are ignorant. But it will be a sorry day for the United States of America, when the ballot rests in illiterate hands.

We cannot too strongly urge the necessity of educating the youth of our land, and with free public schools there is no good excuse for allowing them to grow up in ignorance.

The public schools afford the best possible means for obtaining an education. We trust that our people will see the necessity of supporting them in every way.

SELECTMEN'S REPORT.

TO THE INHABITANTS OF THE TOWN OF SANFORD:—

The Selectmen present the following report, and as it has been customary for the selectmen to give their estimate as to the amounts necessary to be appropriated for the ensuing year, we submit the following for your consideration:

HIGHWAYS AND BRIDGES.

The past year has been one of the worst for highways that we have had for a number of years, owing to the severe washouts last spring. The upper bridge on the depot road has been rebuilt and new abutments put in; also Morrison and Willard bridges have been rebuilt, and Whicher's, Linscott's, and Butler's bridges have been considerable repaired. We have lived within the appropriation, and would recommend that the same amount be raised this year as last.

BREAKING ROADS.

The cost of breaking roads for the winter of 1892 and '93 exceeded the appropriation by \$1374 12. We think that \$2000 should be raised this year.

PAUPER EXPENSES.

The administration of the poor farm as a whole is not satisfactory to us. Mr. Frank P. Martin, the first man we employed on the farm was well recommended, but after three months trial we considered him in the wrong place. We therefore discharged him and procured the services of Mr. and Mrs. Edwin Davis and we have been well satisfied with the management under their supervision. We have had a large

number on the farm this year, and owing to the stagnation of business have had to help a great many outside of the farm. We would recommend that the same amount be raised this year as last for the support of the poor.

INCIDENTAL EXPENSES.

We have exceeded the appropriation by \$203 74 owing chiefly to the large bills ordered by the board of Health, which amount to \$328 56, and bills for school books amounting to \$139 14.

REPORT OF SELECTMEN,
ASSESSORS, AND OVERSEERS OF POOR,
FOR YEAR ENDING FEB. 22, 1894.

There has been sold from the farm the past year, and turned in toward the payment of grocery and meat bills, as follows: Butter, \$19 46; eggs, \$18 61; veals, \$5 04; vegetables, \$15 07; besides Apples sold to Mr. Woodsome, \$12 40, and milk to G. W. Hanson, \$24 12, and veal and cowhide sold L. Smith, \$6 60.

We had to spend quite a large sum for cloth, cotton, etc., which is included in Nowell & Libby's bill. Mrs. Martin made some of the cloth into sheets, ticks, pillow cases, etc.; and Mrs. Davis made eight new comforters.

Two cows have been buried the past year. The first one, when we went there April 1st, could hardly get in and out of the barn, and we had her killed and buried; the second one was killed for beef, but was found to be badly diseased and worthless, and was buried. One of the oxen we bought got badly lame in the pasture early in July, and could not be sold when the other was; otherwise we should have realized a good profit. He was kept till fall and half of the beef used on the farm.

We failed to find apples, potatoes, etc., as reported last year. Fifty bu. apples and 40 bu. potatoes were reported, and there were not over 4 bu. of apples and we had to buy all the potatoes that were planted on the farm, and most of them that were used in the family.

There is now on the farm 3 cows, 1 hog, 32 hens, 3 tons of hay, 6 tie chains, 2 manure forks, 2 pitch forks, 2 shovels, 3 cultivators, 1 horse rake, 1 horse work wagon and hay cart for same, 1 harrow, 1 pair ox wheels and cart, 1 hay cart, 2 plows, 1 ox yoke, 1 pair ox muzzles, 1 potatoe hoe, 4 hoes, 2 drag rakes, 1 crow bar, 3 scythes and snaths, 1 bush scythe, 1 pick, 4 chains, 1 hammer, 1 grind stone, 3 axes, 2 wood saws, 1 hand saw, $2\frac{1}{2}$ bu. meal, 15 cords wood, 3 wash tubs, 2 wash boards, 1 wringer, 1 ice chest (unfinished), $\frac{1}{2}$ bu. pease, 1 bbl. pork, $\frac{1}{2}$ bbl. pickles, 4 bu. apples, 20 bu. potatoes, 3 bbls. ashes, 1 bu. beets, 1 bu. carrots, 1 Cooley creamer, 2 churns, 1 cook stove, 1 dining room stove, 1 box stove, 2 bureaus, 2 bed pans, 18 chairs, 2 looking glasses, 48 sheets, 50 pillow cases, 8 bed blankets, 3 rubber blankets, 20 pillows, 10 straw

ticks, 11 feather ticks, 12 iron bedsteads, 10 towels, 3 light stands, 1 clothes horse, 1 invalid air cushion, 4 hand lamps, 1 side lamp, 1 hanging lamp, 1 chopping tray, 1 butter tray, 3 sad irons, 2 table cloths, 1 oil table cloth, 1 extension table, 1 round table, 1 square table, 12 dessert spoons, 9 tea spoons, 12 knives and forks, 2 fibre pails, 1 clothes bucket, 1 sprinkler, 8 lbs. butter, 25 lbs. lard, $1\frac{1}{3}$ bbl. flour, 1 clock, 20 quilts and comforters, 2 bu. turnips, 100 lbs. cabbage, 125 lbs. fresh beef, 40 lbs. corned beef, $\frac{1}{2}$ bbl. crackers, 15 lbs. dried apples, $1\frac{1}{2}$ bu. beans, 12 bu. sweet corn, 50 lbs. shorts, 5 gal. oil can, 15 lbs. tallow, 3 jars, 4 bu. popping corn, 1 child's crib, and a good supply of dishes and cooking utensils which has been largely increased this year.

The following named persons are now on the farm: Ebenezer Thompson, 94 years of age; Lizzie Goodwin, 67 years of age; William Morsman, 79 years of age; Samuel Porter, 74 years of age; Horatio Willard, 59 years of age; Horace Willard, 83 years of age; B. L. Bragdon, 50 years of age; Warren Thompson, 60 years of age; Benjamin F. Moranville, 82 years of age; Eddie Bennett, 2 years of age.

The Superintending School Committee respectfully present the following report.

DISTRICT NO. 1—JOEL B. RICKER, Agent.

The advancement in the schools of this district for the current year has been marked; largely the effect, no doubt, of employing the same and experienced teachers during the year, who have worked faithfully for the best good of their schools. The grade of the Grammar and High schools have each been advanced one year.

1ST PRIMARY. The summer and fall terms were under the instruction and care of May F. Frost who continued the work so well begun last year. The winter term was under the instruction of Ella F. Moody who as a matter of accommodation to the school officers left the intermediate school to take charge of the 1st primary. Miss Moody is a faithful teacher and did excellent work, the school progressing finely.

2ND PRIMARY. This school as the year before has been under the care of Miss Susie E. Frost, who has given the school her best efforts which make a school successful.

3RD PRIMARY. Mrs. Sarah L. Frost, a lady of much experience in primary school work has had charge of this school during the year. The progress of her school was somewhat hindered from want of needed supplies, without blame to teacher or committee. Mrs. Frost did excellent work.

INTERMEDIATE. The summer and fall terms were taught by Miss Ella F. Moody with even better success than last

DISTRICT NO 3—JAMES C. JOHNSON, Agent.

Number of scholars, 36. Number of weeks 30. Miss Mildred J. Hill of Buxton Center was employed to take charge of this school for the year. Miss Hill taught the previous year in this district, with good results. The final examination this year showed that an interest had been taken by both teacher and scholars, and that good thorough work had been done.

DISTRICT NO 4—JAMES H. MORRISON, Agent.

Miss Edith Bedell has had charge of this school during the year. The agent did well to retain the services of Miss Bedell who gave excellent satisfaction to the people of this district.

DISTRICT NO. 5—A. P. LITCHFIELD, Agent.

Number of scholars, 27. Both terms were taught by Miss Cora B. Smith. Miss Smith is a good teacher and the school showed marked progress.

DISTRICT NO. 6—CLINTON DAY, Agent,

Number of scholars, 23. Number of weeks 31. The spring term was taught by Miss Laila M. Stanley of Alfred. Miss Stanley is well qualified for a teacher, yet there was lack of interest on the part of both teacher and pupils, and the discipline was lax. Therefore not much progress was made. This school, or any other school must have an energetic as well as a qualified teacher, one that can discipline, as well as instruct the pupils, or success is not likely to reward the expenditure of the teacher's wages. The fall and winter terms were taught by Miss Georgia M. Durant of North Berwick. Miss Durant is a teacher of some experience, and on visiting her school the first time, your committee could see that a great change had been made, the school was orderly and both teacher and pupils seemed to take an interest in their work, but the last examination was not quite satisfactory.

DISTRICT NO 7—HIRAM PERKINS, Agent.

Number of scholars, 9. Number of weeks, 27. Miss Belle E. Perkins had charge of this school during the year. This was Miss Perkins' first experience as a teacher, yet she proved herself competent, and with so few scholars, did all

that could have been expected of a more experienced teacher. The examination at the close of the winter term showed that good thorough progress had been made.

DISTRICT NO. 8—CHARLES HUSSEY, Agent.

Number of scholars, 16. Number of weeks, 28. Miss Etta L. Tebbetts of Alfred had charge of both terms in this school. Miss Tebbetts worked hard for the welfare of her school. Especial pains was taken in writing, and at the end of the year, her work showed that she had not labored in vain. During the spring term, through her efforts, and the help of the parents and scholars, the school-room was papered, which added very much in making it more pleasant and homelike.

DISTRICT NO. 9—GEORGE A. WILLARD, Agent.

Miss Carrie Goodwin, who taught the fall and winter terms of this school last year, was again secured this year, and with excellent results. The cold and length of the winter term perhaps had a tendency to reduce the attendance, but a good school has been taught in this district.

DISTRICT NO. 10—ANSON M. BUTLER, Agent.

Mr. Butler was fortunate in securing the services of Miss Maggie Fall for this school. Miss Fall is an excellent teacher, interesting both the younger and older scholars in their work. The work of this district has been fully up to the standard of last year, which is one of the best in town.

DISTRICT NO. 11—ALBERT JOHNSON, Agent.

No. of scholars, 12. No. of weeks, 30.

The first term was taught by Fred W. Consens. It was his first term and the school was small, but those that came made good progress. The second and third terms were taught by Miss Nellie Tebbetts. The scholars were studious and the school a success.

DISTRICT NO. 13—ISAAC FURBISH, Agent.

Number of scholars, 15. Number of weeks, 25. Mr. George E. Davis was employed to take charge of this school for the year. Having taught the previous term, he took hold of his work with renewed vigor, and with the hearty co-

operation of the scholars. The final examination showed that most excellent work had been done in all the branches taught and especially in grammar.

DISTRICT NO. 16—T. B. HOBBS, Agent.

No. of scholars, 18. No. of weeks, 26.

This school was taught by Miss Leila M. Hobbs. Although this was Miss Hobbs' first school, it was very successful. We don't see any need of going out of the district to hire teachers when they have such good ones at home.

DISTRICT NO. 17—ALFRED K. RIDLEY, Agent.

The summer and fall terms were under the care of Miss Georgia O. Coffin, an experienced teacher and one who believes in vigorous work by the pupils. The school was a success. The winter term under the care of Eva C. Thing was closed at the end of the fifth week on account of the deep snow, making it impracticable for the younger scholars to attend. Miss Thing proved to have the qualities of a good teacher, and would have been successful in a full term.

Next year the town as a corporation take possession of all the school property and the entire charge of the public schools under an act passed by the last legislature, entitled: "An act to abolish school districts and to provide for more efficient supervision of public schools," indirectly saying better and more efficient schools. To accomplish this result the school officers of next year must have the united support of the citizens of the town. We ask this: take more interest in our schools, show that interest by calling often at the school-house, encouraging your boys and girls to regular attendance and be interested in their school-work.

DISTRICT NO. 16—T. B. HOBBS, Agent.

No. of scholars, 18. No. of weeks, 26.

This school was taught by Miss Leila M. Hobbs. Although this was Miss Hobbs' first school, it was very successful. We don't see any need of going out of the district to hire teachers when they have such good ones at home.
